Internships

Coding Ninjas | Web Development Job Bootcamp
- Successfully tackled over 100 JS/ReactJS questions on the Coding Ninjas platform..
- Acquired proficiency in multiple technical stacks, including JavaScript, React.JS, and Bootstrap.

Projects

Redux Store - Ecommerce Application [*Link*][Code]
- Developed a React-based Ecommerce application enabling users to discover random products. Implemented a product section that displays comprehensive data including Title, description, Image, rating ,etc.
- Implementation of React concepts such as Context API, Hooks, State, Props,Redux- toolkit and React-router-dom, use of Fetch for data retrieval. Creation of reusable components for a streamlined development process.
- **Tech Stack: ReactJS, HTML and CSS**

TaskSphere Connect - Dynamic To-do Application [*Link*][Code]
- Built a professional-grade ReactJS-powered Dynamic task handling application enabling users to efficiently keep track of their assigned tasks, leveraging a dummy API for seamless data retrieval.
- View all tasks assigned and interact with them in card format. Implementation of fetch API, State, Props, Hooks and Components.
- **Tech stack : ReactJS,HTML and CSS**

Cuisine Quest - Recipe Search Application [*Link*][Code]
- ReactJS-powered Recipe Search application enabling users to efficiently search for their desired recipes and maintain a separate favourites section.
- View all recipes and interact with them in card format. Implementation of fetch API, Redux Toolkit, State, Props, Hooks and Components.
- **Tech stack : ReactJS, HTML CSS and Redux**

Skills

- **Technical Skills** : HTML , CSS , JavaScript, NodeJS, Java
- **Frameworks / Libraries** : ReactJS, ExpressJS, Bootstrap, Material UI, Redux
- **Tools & Technologies** : Git, VS code

Education

Year	Degree/Examination	Institution/ Board	CGPA/Percentage
2022	B. Tech	Ajay Kumar Garg Engineering College, Ghaziabad	6.5 CGPA
2017	12th	Indian School Certificate (ISC)	69.5%
2015	10th	Indian Certificate of Secondary Education (ICSE)	80.0%

Achievements and Co-Curricular Activities

- Attained official certification in Responsive Web Design from freeCodeCamp, validating mastery and expertise in creating dynamic, user-friendly web interfaces.
- Accomplished a substantial range of coding challenges on the freeCodeCamp platform, demonstrating proficiency in JavaScript language.
- Constantly experimenting with Creative Coding to make generative art using Javascript as my major language of choice.
